TANKS NEVER DIE!

THE boys in Korea called any job at the United Information Bureau "gravy." For six hours a day you either hit the keys of a typewriter or collected and analyzed vital information. The food was tops and life could almost have been pleasant were it not for the fact that a bitter war was taking place. Two miles from the United Information Bureau at Sepo was the graveyard for tanks that had held back the enemy. Sherman tanks were piled up around Pershing tanks and rusting. And then on that beautiful spring day, Corporals Ralph Read and David Eyl presented their brilliant idea to Major Arnold Savino.

"Major," began Corporal Read," all the boys in Korea think we have a snap job here. Yet the turnover is very high. After three months of work here you get a lot of requests for front line duty. Why?"

"Why?" echoed the Major.

"Because we haven't anything to keep the boys occupied when they get finished with their regular work. The movies are so old we know the words by heart. We need some sports and we have an idea that will go big."

"When I was a kid," spoke up Corporal Eyl who then took up the thread of the conversation, "we kids used to play a game with our bikes called Twiddle Tinks. The idea was to knock over the other fellow's bike. We would like to do the same with tanks. Have two teams. In fact give every soldier who wants one a tank, and let him join in the fun. Simple, isn't it?"

The Major knew he was going to be sold a bill of goods by the two high pressure salesmen attached to his staff. But deep in his heart he knew they were right. If he could find out how to keep a permanent staff it would reduce his headache to nothing.

"You two must have something up your sleeves. I'm willing to listen so make it fast, snappy, and brief."

"At Sepo," began Corporal Read, "you have all those discarded tanks. We could remove a burned out engine from a Pershing tank and remodel it to power a Sherman tank. And what fun we could have playing with those tanks. Of course, they are the property of the United States Government, so when we get through Uncle Sam gets some fixed up tanks free."

The Major smiled for he thought he could find two simple flaws in this brilliant brainstorm that had been presented to him.

"What experience have you two had with machines? And it would take you at least five months to get the necessary parts from the states."

But Corporal Eyl had both answers ready and shot them back at his superior.

"My buddy worked with me for ten years at machines before we came into the Army. We ordered the necessary parts from a catalogue sent to us by a mail order house and they arrived yesterday. We can use the closed shop at Sepo as our work headquarters."

After three weeks, the Major had to admit that morale was very high in his unit. Not a single request for a change to other duty had been presented. He watched the men work on those tanks.

Using a Sherman engine as a model the two corporals drew up a set of plans to find out exactly what was needed. Fifteen important changes had to be made before the engine switch was possible. And then on that bright Saturday afternoon, forty rebuilt tanks lined up on the field. Twenty were on each side and a new Army version of Twiddle Tinks took place. Most of the younger soldiers had some hot rod driving experience and they went for the game the way a duck goes for water. The idea was to turn the other fellow's

tank over and if you did this neat trick you got one point. At the end of the day the rest of the soldiers wanted tanks.

After receiving a load of praise from the major, Corporal Eyl spoke to his buddy.

"Think we ought to tell him we got the guns in working order? And that we salvaged a lot of ammo? Better not, or his headache will come back."

At Wonson, General Lee Moo, of the Korean People's Army, spoke to his assembled staff. On the wall was a large map of Korea.

"We could send eighty of our new tanks down the south road past Sepo, go around the United Information Bureau, and reach the main highway. There is neither artillery nor tanks to stop us. We could catch the United States Twenty-third Division and shoot them up before they knew what was happening. We need a victory like this to hearten our people."

Private William Benson took one look at that long line of enemy tanks on the road and reported the impossible to Major Savino. The emergency alarm was rung and Corporal Eyl presented a solution.

"We can play Twiddle Tinks with those tanks. We held something back from you. Every gun is in working order and we hid the ammo we salvaged. We have to stop those tanks because if they get through they'll create havoc."

Captain Chin had learned in Manchuria how to direct a company of tank experts. But what happened in the next twenty minutes was a nightmare. From nowhere came United States tanks. They pushed over the best Russian-made tanks, bounced them a bit, and then shot up the tanks and crew. This was not war according to red techniques and standards. This was insanity! Captain Ching swore an oath on all his dead ancestors that if he lived he would dedicate himself to the task of exposing the reds. Nothing in the books had ever told the Koreans how to meet such a situation. So they turned and fled. When General Lee Moo learned of the disaster, he took out a bottle of pills, swallowed two, and immediately left earth.

At present every soldier has the highest respect for the United Information Bureau. "If it weren't for those guys, history might be different," is the way they express it.

Lieutenant Eyl gazed at the new uniform worn by his buddy, Lieutenant Read. He snickered a little and then gave vent to his thoughts.

"Now we are tanks experts and they even want us to write a textbook on tanks."

"I wonder if they will ever find out that our ten years of experience with machines happened to be with sewing machines when we made pants for Birley Clothing Company?" snapped back Lieutenant Read.

THE END A-911

Captain Raymond Harvey Medal of Honor

The 17th Infantry Regiment was attacking Hill 1232 near Taemi-Doug, Korea. Charlie Company, Captain Harvey commanding, was moving up when dug-in Red guns pinned it down. Calling for covering fire, Captain Harvey advanced *alone*, wiped out four machine gun emplacements. He caught a bullet through the lung. But he stayed until sure the objective had been won.

"In Korea," says Captain Harvey, "we stopped aggression by *united* strength. *You* were helping—every time you bought a Defense Bond. Because your Defense Bonds were doing more than just helping keep you and your country financially stable. They were backing *us* up in the field with *American production power*.

"I hope you'll go on buying Bonds—many, many of them. For your Bonds—and our bayonets—are making America strong. And in today's cold-warring world, *peace is only for the strong*."

Peace is for the strong...

Skinny Girls Don't Have OOMPH!

It takes those extra lbs. of solid flesh to "bring out" your natural curves

If you're otherwise healthy but skinny, scrawny, rundown and lbs. underweight, try correcting this common mistake in eating.

THERE are three essential substances that many thin, scrawny and undernourished girls may fail to get in sufficient quantity from the food they eat. These substances are Vitamin B_1, calcium phosphate and iron. If, like thousands of others, you are underweight without organic cause . . . never seem to gain a pound . . . are so thin that you look gangling and gawky from insufficient amounts of these precious elements, don't get discouraged.

You may find that by correcting this simple mistake in eating you can easily add firm solid flesh . . . extra alluring pounds that help bring out those natural eye-catching curves. A simple and easy way is to try the amazing new product called Numal that supplies, in significant amounts, the Vitamin B_1, calcium phosphate and iron needed in the daily diet. Plus a food that in itself is a great help in adding extra pounds.

Take 1 heaping teaspoonful of Numal 3 times a day. It is pleasant, assimilable and easy to take. You will get the equivalent in Vitamin B_1 content of 34 cakes of average moist baker's yeast . . . the iron equivalent of 15 pounds of tomatoes or 1⅔ pounds of spinach or 9 pounds of boiled beets...and the calcium equivalent of ⅘ths pint of fresh cow's milk, the phosphorus content of 1 glass.

Remember, if you don't get a sufficient quantity of Vitamin B_1 in your daily diet, you may suffer loss of appetite. And without sufficient iron, the element that helps build rich red blood, you may be rundown, pale, weak and listless. You need calcium phosphate for sound teeth and sturdy bones.

SKINNY MEN ARE NOT ATTRACTIVE EITHER

. . . a skinny, scrawny body is no asset in social or business life. Give NUMAL a chance to build you up, put firm flesh on you.

Numal Must Please You or No Cost

So if you are skinny, gangling and bony from lack of these precious nutrients, don't wait any longer. Get Numal today. You will want those extra pounds that "bring out" your natural eye-catching curves. Take Numal faithfully for a week. See if you can't actually feel the difference . . . gain weight and better color. If after this short period you honestly don't feel Numal has benefited you, just return the bottle for a complete refund of your money. Numal costs but a few cents a day to use.

If loss of weight persists see your doctor

YOU CAN DO SOMETHING ABOUT PIMPLES

Acne, Blackheads, and other externally caused Skin Blemishes

Same Type Medication Used in Clinical Tests Reported in Jan. 1952 Reader's Digest (pg. 81) is Available To You

WHEN pimply skin is your problem, the first thing to get straight is that you *can* and *should* do something about it. To develop the attractiveness of your face is not mere vanity. It is an "open sesame" towards bringing the real YOU closer to other people and giving your personality the poise and confidence it needs. Your good qualities — intelligence, character, dignity — all go to naught... are completely cancelled out by a skin that "nobody loves to touch." Remember, the YOU that people see first is your face.

SKIN PROBLEMS DEMAND IMMEDIATE CARE

Medical statistics tell us that blemished skin usually occurs from adolescence on through adult life. The problem at the adolescent stage is serious enough to deserve attentive care as a family matter. In adulthood, when life's responsibilities are so much weightier, it is doubly important to exert great effort to eliminate these blemishes. And, there is no better time to get pimples under control than *now*.

DON'T ABUSE SKIN

The first instinctive reaction to pimples and blackheads is to squeeze them out with your fingers. A bit of experimentation along these lines soon provides convincing proof that this succeeds only in inflaming your skin and spreading the infection. Under no circumstances should pimples and blackheads ever be squeezed.

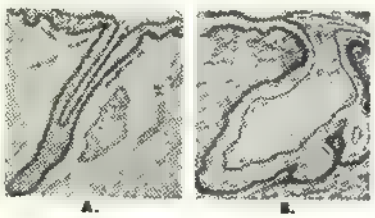
SKIN COLORED MEDICATION CONCEALS PIMPLES INSTANTLY WHILE IT WORKS

Let's take a look through the microscope to see what's behind those unsightly pimples. The high-powered lenses show your skin coated with a covering which originated from two sources—one, internally and the other, externally.

The internal substances on your skin include dead cells, residue from the sweat glands, and a high quantity of oil excreted by the sebaceous glands. A most important factor in skin disorders occurs when thousands of these tiny sebaceous glands discharge more oil than the skin can use for lubrication. Unless special care is given, the oil forms a heavy film which attracts foreign matter to your skin much as any oil mop picks up dust. These infectious external substances may be classified into three general groups:

1. Airborne materials such as dust, pollens, condensation products of smoke, vapors, etc.
2. Materials brought in contact with the skin, such as tiny fragments of clothing, bedding, cosmetics.
3. Micro-organisms such as bacteria and fungi.

See the difference between a healthy skin and a pimply skin in the microscopic reproductions below.



A. Normal skin — B. Sick, pimply skin

Diagram A shows a normal-size, smoothly functioning sebaceous gland. Diagram B pictures sick, pimply skin. Notice that the sebaceous gland is a swollen mass of trapped oil, waste and infectious bacteria.

TRY THIS SENSIBLE WAY

Two sensible aims to achieve in controlling this skin condition are: to clear the pores of clogging matter, and to inhibit the excessive oiliness of the skin. Toward these ends, Dornol Products' research makes available two formulas. One is to aid in thorough cleansing by highly detergent penetration which simplifies the removal of waste and foreign matter. The other is to discourage oiliness with clinically-proved ingredients, and to kill infectious bacteria often associated with externally caused pimples and blackheads.

BLEMISHES COVERED UP

To remove the distressing embarrassment of these skin blemishes, the second Dornol formula exerts a "cover-up" action on your broken out skin while the medication does its work. This, plus its pleasant odor, will spare you the mental distress which is associated with unsightly, malodorous, medicated preparations. Imagine! You can apply this Dornol formula to your skin by day and face the immediate present with greater confidence in your appearance, while secure in the knowledge that medication is acting to remove old blemishes and keep away new ones. What this "cover-up" action alone is worth in peace of mind is beyond calculation. No longer need prying eyes make you wince with humiliation and misery. Now because of this wonderful feature of the Dornol treatment, you can put your best foot forward ... at once!

SATISFACTION GUARANTEED OR DOUBLE YOUR MONEY BACK

We know what the Dornol treatment has done for others, so we want you to try it at *our risk*. A few minutes a day invested in our treatment can yield more gratifying results than you ever dared hope for. This is what we say to you: If you are not delighted in every way by the improved condition and general appearance of your skin in just 10 days, simply return the unused portion and we will refund not only the price you paid — but DOUBLE YOUR MONEY BACK! Can anything be fairer than that? You have everything to gain ... *and we take all the risk!*

How to get the Dornol Treatment immediately: Just send your name and address to DORNOL PRODUCTS Inc., Dept. 409 , 363 Central Park Ave., Yonkers, N. Y. Be sure to print clearly. By return mail we will ship Dornol to you in a plain package. When postman delivers the package, pay only $1.98 plus postage. Or, to save postal fee, send $2 now and we pay postage. For real economy, order Triple-Size at $5. Whichever way you order, the DOUBLE REFUND GUARANTEE still prevails. Don't delay another minute, send for the Dornol Medicated Skin treatment with "cover-up" feature ... *at once!*

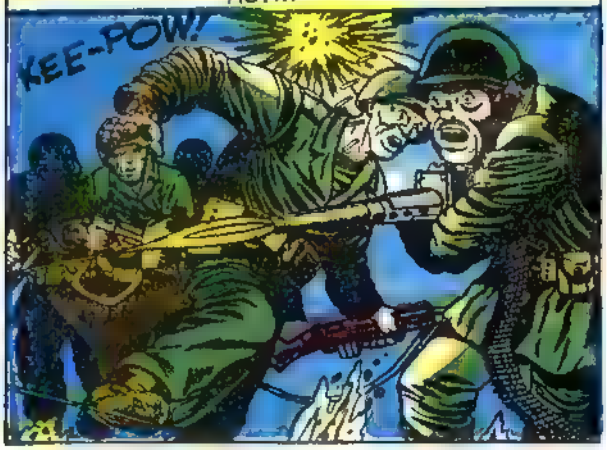
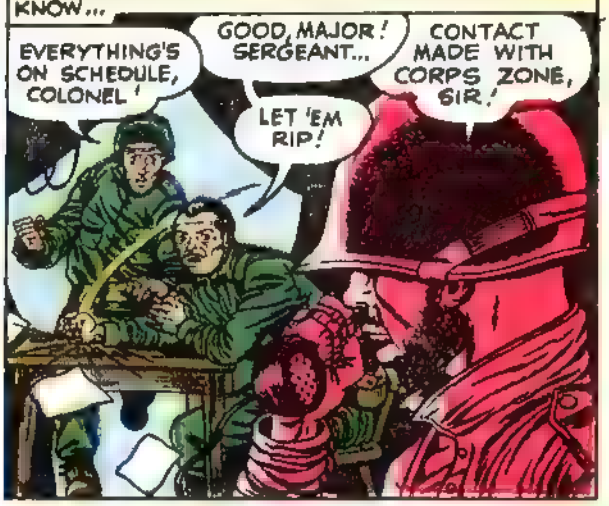
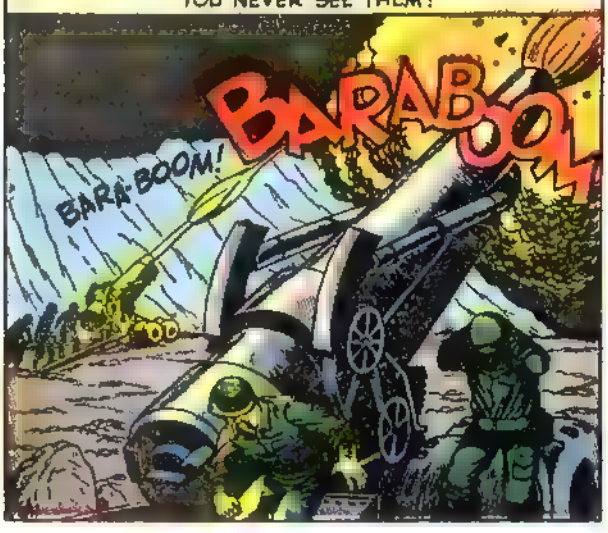
SO YOU MOVE, PVT. WILL MANNING! YOU PICK UP YOUR BROWNING, DUCK AS LOW AS YOU CAN... AND MOVE UP INTO THE UNKNOWN THAT LIES BEFORE YOU! IT'S TIME TO STOP THINKING NOW AND TO STOP WONDERING! THERE'S NO TIME FOR DOUBTS AND FEARS! IT'S TIME FOR ACTION... SO YOU ACT...



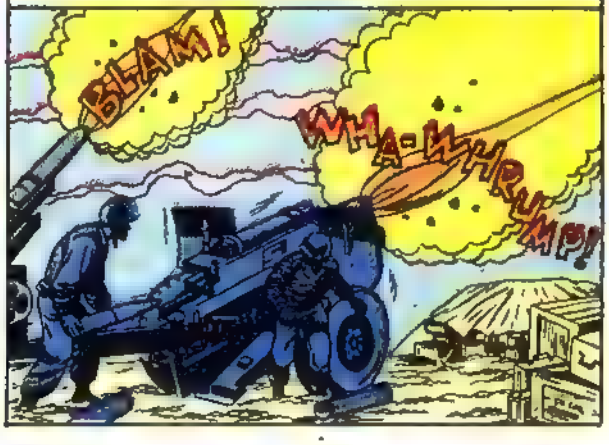
BUT THAT'S ONLY PART OF THE PICTURE...THE PART THAT YOU'RE INVOLVED IN! THERE ARE MORE PARTS TO THIS GIGANTIC JIG-SAW CALLED ASSAULT! IF YOU COULD ONLY SEE... IF YOU COULD ONLY KNOW...



LONG TOMS! 155-MM GUNS! BLASTING, ROARING, BOOMING! THEY'RE PART OF THE PICTURE TOO, WILL, ALTHOUGH YOU NEVER SEE THEM!

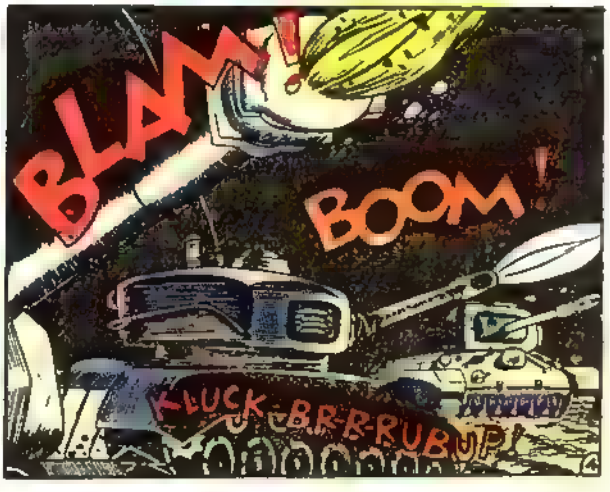


THEY'RE MILES BEHIND YOU, BETWEEN YOU AND THE ENEMY, FIRING OVER YOUR HEAD, POUNDING INTO THE REDS, SOFTENING THEM UP FOR YOU! AHEAD OF THEM IS THE DIVISION REAR... TRUCK-DRAWN HOWITZERS, MULTIPLE .50 CALIBER ANTI-AIR-CRAFT GUNS... AMMO DUMPS... ALL PART OF THE BIG PICTURE!



AND, AHEAD OF THEM, A RESERVE REGIMENT, READY TO MOVE UP AND TAKE OVER WITH RIFLES, MACHINE GUNS, BAZOOKAS, MORTARS, TANKS!

WAIT! WE'RE NOT THRU YET! AHEAD OF THEM AND RIGHT BEHIND YOU...LISTEN! THIS IS THE REGIMENT REAR... LIGHT AND MEDIUM TANKS RUMBLE UP, BACKING UP YOUR BATTALION AND THOSE WHO BATTLE BESIDE YOU!



THIS LEFT FLAT WILL MANNING! THIS IS THE OVER-ALL PICTURE OF THE ASSAULT! THESE ARE THE UNITS YOU DON'T SEE... THAT YOU DON'T EVEN KNOW ABOUT! BUT THEY'RE ALL THERE... ALL PART OF... ASSAULT!

BUT... EACH MAN TO HIS OWN TASK... AND YOU'VE GOT YOUR HANDS FULL RIGHT NOW! THE BROWNING IS SIZZLING HOT AS IT SPITS OUT LEAD INTO THE MASS OF FIGURES THAT LOOM AHEAD...
EEEYOW! LOOKIT 'EM ROLL!
MOVE UP, WILL! MOVE UP!
CRIPES! ARE WE DOIN' ALL THAT DAMAGE?
ONLY A LITTLE PART, SON... ONLY A LITTLE!
WATCH IT UP AHEAD! HEY, FLAME THROWERS!
BRADATATATATATAT! BANG!
A SEAR... A BLAST... A WHOOSH OF SOUND AND THE LAST REMNANT OF ENEMY RESISTANCE IS WIPED OUT...
YEEEEEOW!
HOLD UP ON THE LONG RANGE FIRE! THINK WE GOT 'EM!
OKAY! MOVE UP AND MAKE SURE... AND TRY TO BE CAREFUL!
WELL... WHADDAYA KNOW... WE DID IT, HUH, SARGE?
YEP! WE ALWAYS DO, SOMEHOW!
LIKE YA SAID... I BETTER LEAVE THE WORRYIN' TO THE BRASS, HUH? THEY KNOW HOW TO HANDLE THINGS LIKE THIS HERE! LOOKIT ALL THE SUPPORT WE GOT! WITHOUT IT, WE'D NEVER HAVE MADE IT!
THAT'S THE GENERAL IDEA, KID! NOW C'MON... WE GOTTA MAKE SURE WE KEEP THIS AREA OPEN FOR OUR GUYS TO MOVE UP IN!
MOVE UP, GUYS! MOVE UP!
AND IN ANOTHER SECTOR... AT ANOTHER STAGE OF THE SAME ASSAULT ACTION...
OPERATION ASSAULT ACCOMPLISHED, SIR!
AS IT SHOULD BE! AND WITH ALL WE'VE GOT, THE MOST IMPORTANT ELEMENT OF ASSAULT IS STILL THE FOOT SOLDIER! BLESS EVERY ONE OF THE MUD-SLOGGIN', FOXHOLE-DIGGIN' SONS OF BATTLE!

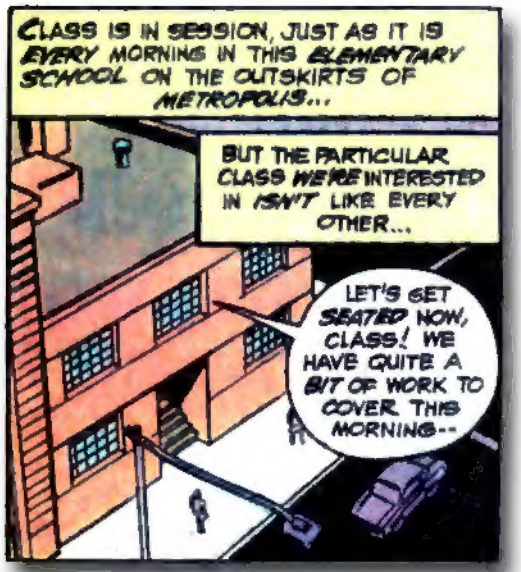
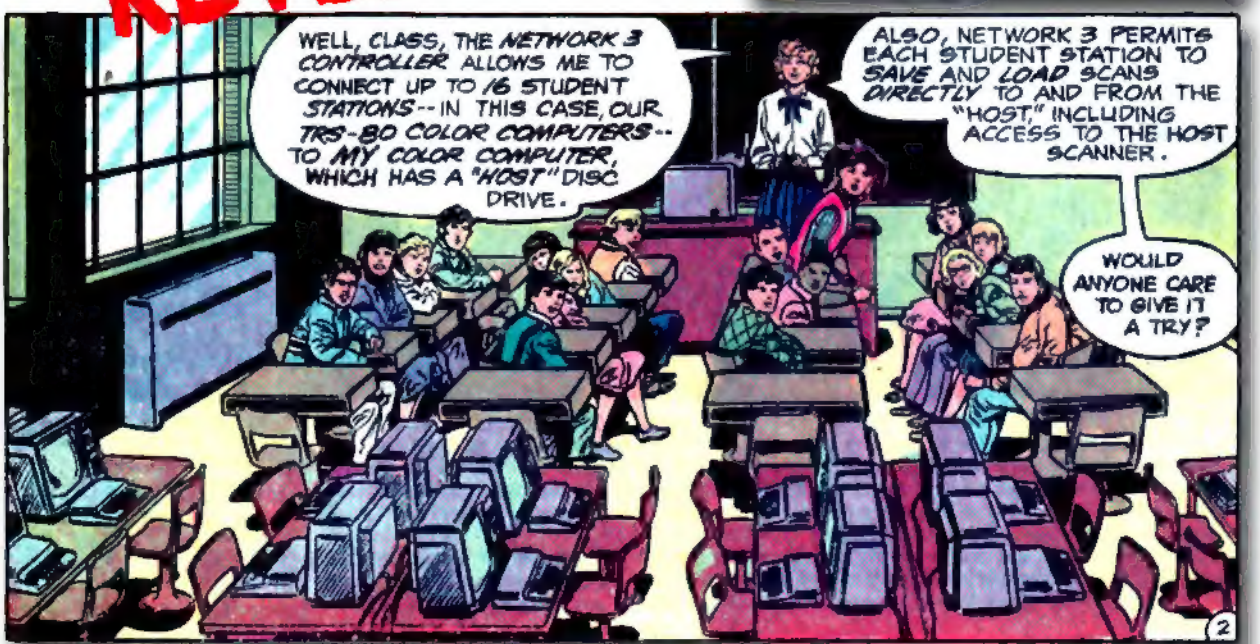
SECRETS of the PMACK SCANNING EMPIRE REVEALED

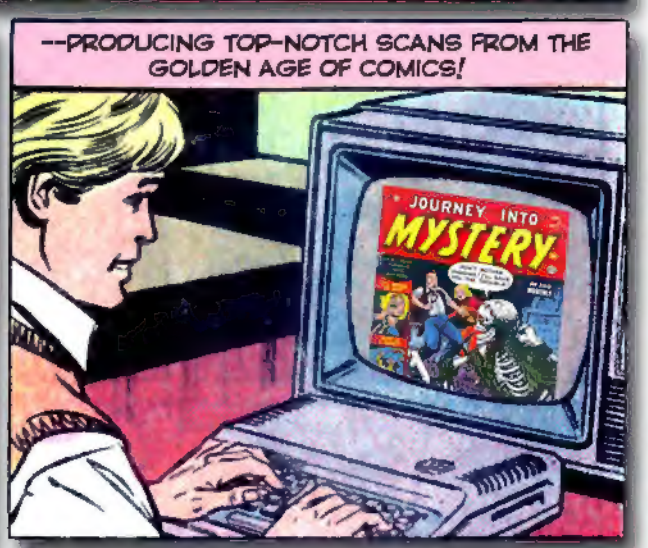


CLASS IS IN SESSION, JUST AS IT IS EVERY MORNING IN THIS ELEMENTARY SCHOOL ON THE OUTSKIRTS OF METROPOLIS...
BUT THE PARTICULAR CLASS WE'RE INTERESTED IN ISN'T LIKE EVERY OTHER...
LET'S GET SEATED NOW, CLASS! WE HAVE QUITE A BIT OF WORK TO COVER THIS MORNING--



WELL, CLASS, THE NETWORK 3 CONTROLLER ALLOWS ME TO CONNECT UP TO 16 STUDENT STATIONS -- IN THIS CASE, OUR TRS-80 COLOR COMPUTERS -- TO MY COLOR COMPUTER, WHICH HAS A "HOST" DISC DRIVE.
ALSO, NETWORK 3 PERMITS EACH STUDENT STATION TO SAVE AND LOAD SCANS DIRECTLY TO AND FROM THE "HOST," INCLUDING ACCESS TO THE HOST SCANNER.
WOULD ANYONE CARE TO GIVE IT A TRY?
2

ALL RIGHT, LET'S SWITCH ON OUR COMPUTERS AND GET STARTED.
AND SO, FOR THE NEXT HOUR, THERE IS SILENCE IN THE CLASS-ROOM AS THE SIXTH-GRADERS APPLY THEMSELVES TO THE TASK AT HAND--



* NOT AN ACCURATE REPRESENTATION OF PMACK!
